FRONT-END DEVELOPER

Olena Izotova (Gingembre)

I am a Front-end Developer looking for an interesting opportunity. I am passionate about constantly learning new technologies and I like working as part of a team to create user-friendly web applications. I have sound knowledge of HTML5, CSS3, React JavaScript.

I speak French(B2) and English(pre-intermediate,A2). I am eager to develop skills in a dynamic environment and to contribute to the success of the company. Coding, constant learning and working towards a goal are important for me.
